

6 WEEKS ACRYLICS COURSE

2nd March – 20th April 2023 - Kilmington

EVENT OVERVIEW

Learn how to paint in acrylics and be inspired by a variety of subjects and techniques. Acrylics are a popular medium as they are versatile and forgiving. In each workshop we will paint a particular subject, working from a choice of images. Your tutor Trudi will offer demonstrations and help along the way.

QUOTE

An excellent and informative course. I learnt very interesting and fun techniques like painting sea scapes with a pallet knife, (really effective) using sponge effects and colour mixing. I am really encouraged to do more. It was so good to switch off the Adult me and turn on my playful creative side. Plus the connections we make together as an empathetic group are very special. Thank you so much ALCS

TESTIMONIALS

What a brilliant course! Trudi has rekindled my enthusiasm for painting and given me confidence to have a go. Such a lovely group of ladies to work alongside and Susie made us all feel so welcomed. I would love to revisit this course. Thank you.

After going through very intensive cancer treatment I love immersing myself in the art lessons on offer, it takes me into another world and takes me away from the stresses of life.

THANKS TO

Trudi Ochiltree
