TESTIMONIALS

I was feeling low and anemic at the time when I went to this event, but I made myself go and I'm glad that I did because being surrounded by such strong women around you gives you the lift you need! Alison also kept everything lighthearted and fun. The volunteers are warm and welcoming and keep the tea and mince pies flowing. Thank you so much to all! Merry Christmas x

Welcoming and relaxing during what can sometimes a very stressful period thus creating a positive vibe for the future.
