## EVENT OVERVIEW

A meal and drink at a local pub for Men going through or supporting those going through cancer. 20 Men in attendance.

## QUOTES

I look forward to these events so much. I feel I can support others and get support at the same time. I really like the welcoming atmosphere and the feeling of inclusiveness.

It's helped me through a very difficult time and to share my journey with other people dealing with the same. I thank the organisers of this event, it's appreciated.

## TESTIMONIALS

This is a unique event giving men the opportunity in a "safe" environment to open up about how they are coping with cancer and to get support from listening to other men in a similar situation.

This is the first and only event I have attended since my wife had cancer, I now realise that I was in need of both social interaction and support via relaxed conversation with people who understand, this event has lifted my spirits and recharged my energy to look after my wife.
