

KETTLEWELL – COLOUR ANALYSIS TALK

4th March 2024 – CKH Axminster

EVENT OVERVIEW

Learn what Kettlewell does, the power of Colour and an explanation on Colour Analysis.

QUOTES

“Feeling good about yourself and the way you dress is important when you have cancer. The talk about colour and clothing was inspiring, and I have already done the quiz!”

“Interesting and informative talk. Jo was a great speaker. Loved my scarf, I wore it today!”

TESTIMONIALS

After cancer treatment my confidence as a woman was severely affected. Workshops like that one (Kettlewell) help me build my confidence again and reduce my anxiety levels.

I really enjoyed the Kettlewell talk. It was amazing to learn more about colours and how we can bring them into everyday life. It's especially important since treatment as I have lost some of my confidence. Thank you.
