EVENT OVERVIEW

Silversmithy 1 – Ring Stacking with Elsa Grigg

QUOTES

“This was such a lovely experience. Elsa’s calm, gentle instructions led each of us through the process to create beautiful stacking rings. The class felt relaxed and unhurried, and we were amazed at what we had managed to achieve. Thank you so much!”

“This workshop was very therapeutic and as a group we all enjoyed making our rings from start to finish. So good for cancer patients and supporters. I’m really proud of my little rings I made.

Thank you ALCS the people that donate time and money to enable these amazing events”

TESTIMONIALS

Thank you so much for the opportunity to learn a bit of Silversmithing (very cool!) and create beautiful rings! I love that I am wearing something on my finger that I made when all else in my life was quite rocky. It’s a really beautiful and meaningful thing and will serve as a positive reminder of my time during chemo.

THANKS TO
