

# GRAVE TALKS WORKSHOP – WITH REV. NICKY DAVIES

17<sup>th</sup> September 2024 – CKH Axminster

## EVENT OVERVIEW

A facilitated discussion about end of life and bereavement.

## QUOTES

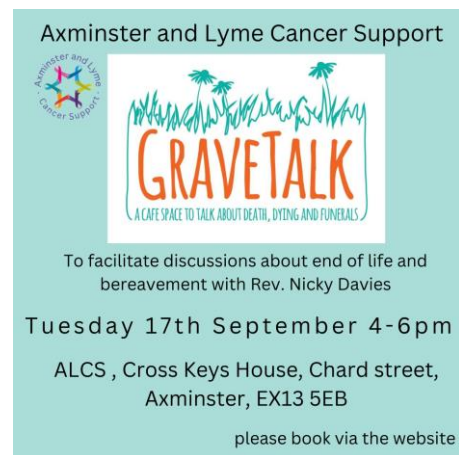

“Medical care, however excellent, does not help with practical arrangements for bereavement. Having a volunteer willing to answer any questions about this and/or end of life care in a relaxed and friendly way was a very thoughtful and sensitive provision by ALCS. As always!

## TESTIMONIALS

Thank you for the calm "cuppa" environment and the support given during the Grave Talks discussion. Hearing people's thoughts about the end of life and the experiences that have shaped them was both humbling and insightful. I learned a lot and appreciated everyone's courage. Thank you again.

## THANKS TO

Rev. Nicky Davies.
